

Package: RcppThread (via r-universe)

October 21, 2024

Title R-Friendly Threading in C++

Version 2.1.7

Description Provides a C++11-style thread class and thread pool that can safely be interrupted from R. See Nagler (2021) [<doi:10.18637/jss.v097.c01>](https://doi.org/10.18637/jss.v097.c01).

Depends R (>= 3.3.0)

Contents

detectCores	2
LdFlags	2
RcppThread	2
Index	4

detectCores *Detect the Number of CPU Cores*

Description

Detects the number of (logical) CPU cores.

Usage

```
detectCores()
```

LdFlags *Get portable linker flags for libraries building on RcppThread*

Description

To be used in Makevars on Linux and OSX. Returns a string with linker flags for pthread and libatomic, if available.

Usage

```
LdFlags()
```

Details

Use as 'PKG_LIBS = \$(R_HOME)/bin/Rscript -e 'RcppThread::LdFlags()'

RcppThread *R-friendly C++11 threads*

Description

Provides a C++11-style thread class and thread pool that can safely be interrupted from R.
